Overview

Welcome to the PostHog Trust Portal! Here, you can find our compliance documents, answers to common security and privacy questions, and details about our security practices. We value transparency and aim to build trust with our customers. This portal gives you the information you need to feel confident in how we protect your data.

Our products are covered by our SOC 2 Type II report, independently audited and evaluated by a third-party to ensure our controls meet industry standards for security, confidentiality, privacy, and availability.

Compliance

- SOC 2
